Definitions and Calculations:

IPEDS Cohort: Full-time, First-time degree/certificate-seeking students who entered in the fall term (or prior summer term) of cohort year. These are students who have never attended any postsecondary institution previously, excluding college credits earned prior to high school graduation.

Completion/Graduation Rate: Students who completed degree or certificate calculated at 150% of normal time to completion. For 2-year colleges, this is 3 years.

Student-Right-to-Know Calculations:

Grad/Completion: Total completers from all four IPEDS cohorts divided by the total number of students in the cohorts

Transfer-out: Total transfer-out students from all four IPEDS cohorts divided by the total number of students in the cohorts
